THIS AGREEMENT, effective this 1st day of July 2017 by and between the Town of Hamden, Connecticut hereinafter referred to as the Town and Public Works, Local 424-Unit I of United Public Service Employees Union (UPSEU), hereinafter referred to as the Union.

WITNESSETH

WHEREAS, the parties hereto desire to provide methods for a fair and peaceful adjustment of all disputes that may arise between the Town and the Union.

NOW THEREFORE, in consideration of the foregoing and of the mutual covenants hereinafter entered into and for other good and valuable consideration, the parties hereto agree as follows:

ARTICLE 1
RECOGNITION

Section 1.1

The Town recognizes the Union as the sole and exclusive bargaining agent for all employees who regularly perform twenty or more hours work per week in the Public Works Department with the exception of the Director, any Assistant Director, Superintendents, Foreman, any Account Clerks and Typists. As used herein, the terms “Employee” shall include any person employed by the Hamden Public Works Department, with the exception of those excluded therein.

Section 1.2

Nothing herein shall be construed to preclude the Union from retaining Counsel to assist in negotiations and collective bargaining, or to prevent Counsel from attending any hearings or meetings dealing with grievances, or any of the terms of this Agreement. Nothing herein shall prevent a grievant from retaining Counsel of the employee's choice (at the employee's own expense) at grievance or arbitration hearings.

ARTICLE 2
NON-DISCRIMINATION

Section 2.1

There shall be no discrimination, threat, penalty, coercion, or intimidation of any kind against any employee by reason of race, creed, color, religious belief, sex, sexual orientation, age, Union membership, or Union activity.

ARTICLE 3
UNION SECURITY

Section 3.1

During the term of this Agreement or extension thereof, all employees in the Collective Bargaining Unit shall, from the effective date of this contract or from the date of their employment by the Town, as a condition of employment, either become and remain members of
the Union in good standing in accordance with the Constitution and By-Laws of the Union or in lieu of Union membership, pay to the Union a service fee equivalent to the amount uniformly required of its members.

Section 3.2

The Town agrees to deduct from the pay of all its employees who authorize such deductions from their wages, such membership dues, initiation fees and reinstatement fees or service fees as may be fixed by the Union. Such deductions shall continue for the duration of the Agreement or any extension thereof. The Union shall supply to the Town written notice at least thirty (30) days prior to the effective date of any changes in the rates of fees and dues. In addition, the Union shall furnish the Town with a statement signed by the employee authorizing the Town to make such deduction(s). This statement is to be accepted by the Town.

Section 3.3

The deduction of Union fees and dues or service fees for any month will be made during the applicable month and shall be remitted to the Financial Officer of the Union not later than the 3rd Thursday of the following month. The monthly dues and/or service fee remittances to the Union will be accompanied by a list of names of employees from whose wages such deductions have been made.

Section 3.4

The Town will within fifteen (15) working days after receipt of notice from the Union, discharge any employee who is not in good standing in the Union as required by the preceding paragraph.

ARTICLE 4

HOURS OF WORK

Section 4.1

The normal workday for all employees except as provided by Section 4.4 of this Article shall be from 7:00 a.m. to 3:30 p.m., Monday through Friday, with 30 minutes for lunch each day.

Section 4.2

Every employee on a normal workday shall be entitled to a fifteen (15) minute coffee break between the hours of 9:00 a.m. and 10:00 a.m., each day and when the workday is extended to 5:30 p.m. an identical coffee break between the hours of 2:00 p.m. and 3:00 p.m. each day, subject to management discretion concerning actual scheduling of such breaks. Within such period the Town will make a vehicle available for the purpose of obtaining coffee, etc., at the nearest reasonable point, if a vehicle is reasonably necessary. Comparable breaks will be provided employees not on a normal workday.
Section 4.3

The above referred to hours of work shall not apply to contemplated automotive mechanics who may be assigned to work evenings, nor shall it apply to custodians and other employees working under the Superintendent of Buildings except the carpenter and mason, and painter but the Town may make a separate agreement with the carpenter and mason and painter concerning the normal work day without violating this Article.

Section 4.4

Mechanics and Mechanic's helpers working evenings shall also be paid the aforesaid forty (40) cents shift differential while and during working said, night shift. It is understood that if any evening shift is established for mechanics and mechanic's helpers, the employees shall be picked by seniority preference.

Section 4.5

Custodians and other employees, except the carpenter and mason, and painter working under the Superintendent of Buildings, may be assigned normal workdays, from Monday through Friday, to efficiently meet the needs of the Town. Any workday so established shall consist of eight consecutive hours, with a half-hour meal break. No change of a normal workday for any such employee shall be effective except after five working days advance notice to the employee, unless such notice be waived by such employee.

Any normal workweek so established for any such employee shall be kept in force not less than one full week. If, by reason of this paragraph, an employee is working outside the normal work day as established by Article 4, such employee shall not be diverted, except during traditional "storm crew" duties, to perform any work usually performed by employees not assigned to the Superintendent of Buildings. When more than one employee is assigned to the same location, the principle of seniority shall apply in the assignment of shifts. Employees assigned to work hours established under this paragraph shall be paid a shift differential of three and one-hundred percent (3.5%) of hourly rate for each hour worked at the start of shift Monday through Friday.

ARTICLE 5

OVERTIME

Section 5.1

Whenever an employee works in excess of eight hours any one day, or in excess of forty (40) hours in any one week, he/she shall be paid for such overtime work at the rate of one and one-half times (1-1/2 x) his/her hourly rate. Provided, however, that every employee shall be compensated at the rate of one and one-half times (1-1/2 x) his/her hourly rate for all hours worked on Saturdays and double time (2 x) his/her hourly rate for all hours worked on Sundays. However, the foregoing provision relating to Saturdays and Sundays will not apply to an employee whose regularly assigned workweek has been established at variance with the provisions hereof, and such workweek regularly includes Saturday or Sunday duty.
Section 5.2

In addition, any employee who is required to work before 7:00 a.m. and after 3:30 p.m. shall be compensated for the hours so worked at one and one-half times his/her hourly rate. Provided, however, that the foregoing provision shall not apply to any employee, (i.e. evening duty mechanics, custodians and other employees working under the Superintendent of Buildings except the carpenter and mason and painter), whose regularly assigned work week has been established at variance herewith; it being understood that those employees who work in variance with the said 7:00 a.m. and after 3:30 work shift shall be paid overtime for those hours worked in excess, (whether before or after their normal work time and/or normal quitting time) of their normal work day.

Section 5.3

The Town and the Union agree that, to the greatest extent reasonably possible, available overtime work should be distributed evenly among employees regularly engaged in the particular kind of duties requiring overtime work. Accordingly, the Director will cause to have prepared rosters of the employees, designated by the types of duty to which they usually are assigned, and the overtime work will be distributed in rotation among the employees on such rosters within a given classification. An employee declining overtime work except with good reason in rotation, when he/she becomes next in line will not be eligible for such overtime work until all others on such roster shall have first had an opportunity for such overtime. Determination of “good reason” as used in the preceding sentence shall be in the discretion of the Director, and the Union may meet the Director to review any situation in which it may be believed that such discretion has been unfairly exercised. The parties recognize that exigencies arise from the nature of the mission of a Public Works Department, and that an occasional departure from the policy expressed in this Article may occur, but the parties represent that they will use their best efforts to adhere as closely as possible to this expressed policy of equal distribution of available overtime work.

Section 5.4

No part-time employee shall be recalled from home for overtime work until all full-time employees, except Truck and Equipment Mechanics, have been provided with an opportunity to accept such work.

Section 5.5

No employee outside a classification appropriate to the work needed to be performed shall be recalled from home for overtime work until all employees inside such classification have been provided an opportunity to accept such work.
ARTICLE 6
CALL-IN PAY

Section 6.1

Every employee who is recalled to work from home after his/her normal work day has concluded, shall receive compensation at the rate of one and one-half times for a minimum of four (4) hours.

ARTICLE 7

Section 7.2

In addition, every employee shall be granted a paid holiday on a day that the President of the United States, the Governor of the State of Connecticut, or the "Mayor of the Town of Hamden" declares a holiday by proclamation.

In the event an employee does not work on any of the aforementioned holidays, he/she shall receive compensation for said holidays at straight time.

Section 7.4

Employees recalled to work on Christmas Eve or New Year's Eve, working beyond the hour of 6:00 p.m., shall be paid the holiday rate as below specified for those hours worked after 3:30 p.m.

Section 7.5

When an employee works on any of the aforesaid holidays, he/she shall receive his/her regular straight time for the holiday and shall be paid for the actual hours worked at a rate twice (2 x) his/her straight time.
Section 7.6

A holiday observed while an employee is on vacation entitles such employee to one additional day of vacation time with pay.

Section 7.7

Holidays falling on Sunday shall be celebrated on the following Monday, and holidays falling on Saturday shall be celebrated on the preceding day.

Section 7.8

Except when absent from work due to a leave authorized by this Agreement, an employee must work the day before and the day after a holiday, (provided these days are regular work days provided for herein) to be entitled to such holiday compensation for such holiday. Further, “sick leave” will be recognized as “authorized leave” hereunder only if said sick leave commences 48 hours before said holiday and/or extends 48 hours after said holiday or if said illness is substantiated by a doctor's certificate.

- Effective July 1, 2019, $83.00

At the discretion of the Director, any employee who fails to report for storm duty within a reasonable time after being notified, taking into account the weather conditions then prevailing, shall not be entitled to receive said weekly sum. It is understood and agreed that the Director will take into consideration evidence from the employee of good cause for failure to respond provided the same is not chronic. The special compensation provided by this paragraph shall not be payable to an employee not actually available, such as on vacation or sick or injury leave, but an employee who actually makes himself available, and reports for storm duty, shall be entitled.

Section 8.4

The Town will continue the present practice of extra compensation for employees actively engaged in paving: $0.50 per hour.

Section 8.5

New employees shall commence employment at the Entry Level step. Where applicable, employees shall automatically progress a step each year upon their anniversary date.

regular pay. The employee’s dependent allowance will not be included as part of the 80% calculation.

Section 13.2

Any employee who was injured in the performance of his/her work and who is unable to subsequently perform the duties assigned to him/her prior to his/her injury or disability, shall be assigned to whatever other work with the Department he/she is able to perform, and his/her compensation for such new work shall be no less than that which he/she would have received if he/she had continued to perform the work assigned to him/her prior to the injury or disability, but this provision shall apply only for the twelve months from the date of “maximum recovery.”

ARTICLE 14
JURY DUTY

Section 14.1

Any employee within the Union required to serve on jury duty shall be given a leave of absence or jury service time. Provided the rate paid for such jury duty is less than the employee's regular rate, the Town will pay the difference. Section 15.2

An employee may be absent from duty, without losing pay, and without detraction from his sick leave accumulation, in order to keep medical, optical or dental appointments, when such appointments cannot be made after normal working hours: provided that such authorized absence shall not commence prior to 2:00 p.m., unless otherwise approved by the Director or his designee.
ARTICLE 16
VACATIONS

Section 16.1
Regular permanent full-time employees shall accrue the following paid vacation: After six (6) months service, five (5) days; after one (1) year, ten days; after five (5) years, 12 days plus one (1) additional day for each complete additional year of service to a maximum of twenty-four (24) days. An employee having completed ten years of service shall be granted one (1) additional day, to preceding formula.

Section 16.4
An employee shall give two (2) full work days advance notice, except in emergencies, when planning to take vacation, and not less than thirty (30) days’ notice when claiming seniority preference to specific vacation days.
ARTICLE 17
SENIORITY

Section 17.1

The length of continuous service of the employee shall determine the seniority of the employee. No employee in the Public Works Union who was on payroll as of June 1, 1992, shall be laid off during this Agreement.

Section 17.2

All new employees shall, for the first six (6) months of their employment be considered probationary employees. If retained after the six (6) month period, these employees shall be placed upon the seniority list with seniority as of the date of hiring. All such employees may be dismissed during this six (6) month period for cause. The Union may, however, in accordance with the grievance procedure, investigate to determine whether the employee was released because of discrimination.

Section 17.3

The right of seniority in re-employment shall be accorded to a laid-off employee prior to new employees being hired, provided such laid-off employee responded to a call to report for work not more than five (5) working days after receipt of notice sent to him by registered mail, to his/her last know post office address.

If such laid-off employee fails to report to work, he/she shall lose all rights of seniority, unless he is temporarily physically incapacitated, or is employed elsewhere, in which case the employee must notify the Town in writing within five (5) days after the receipt of the notice to return that he will report for work as quickly as his/her health or temporary employment will permit. Failure to be able to report to work for physical or any other reasons within one (1) month of the date of the Town’s “call to report to work” for a work assignment of at least six (6) weeks duration shall result in the employee’s forfeiting all rights to be re-employed. In no event shall the “right of seniority in re-employment” prevail and/or be effective for a period of time greater than two (2) years from the date of such employee’s layoff. The continuation of a laid off employee’s recall right shall not be affected by his/her declining of a call to report to work “if the work opportunity offered is less than six (6) weeks duration.”

Section 17.4

The Town shall prepare and maintain, subject to examination by Union Representatives, a seniority list and record the status of each employee in the Unit. The Union shall be provided with a copy of the seniority list and shall be notified of all changes. Each employee shall have the right to protest any error in seniority status.
Section 17.5

In matters of any open position within the bargaining unit, preference shall be given by seniority to current employees who meet the qualifications. A ninety-day (90) trial period shall apply in the new position. During said ninety-days (90) an employee shall be restored to his/her former position at his/her request or for the good of the department with just cause.

Section 17.6

An employee changing from temporary to permanent status with no break in employment will be credited with time of temporary employment in all matters of seniority with the exception of his/her pension.

Section 17.7

In case of layoffs, the principle of seniority shall prevail in that the senior employee may bump laterally or downward. The principle of seniority shall prevail in the scheduling of vacations subject to the further provisions set forth herein under the VACATION article.

Section 17.8

The duties and responsibilities of positions existing on the effective date of this Agreement shall be attached hereto and will not be unilaterally changed during the term of this Agreement.

Section 17.9

In the event that a vacancy occurs in a bargaining unit classification or a new position is created within the bargaining unit and such vacancy or new position is to be filled, it shall be posted on all Public Works Bulletin Boards for five (5) working days, and shall be filled within thirty (30) days of the closing of the posting.

Section 17.10

All benefits that have been previously earned or accumulated will be carried over and honored from one bargaining unit to the other. However, such benefits will not exceed the benefits as outlined under the new prevailing collective bargaining agreement.

Section 17.11

Any benefits connected with seniority will be honored on the basis of the original hiring date except seniority for the purpose of layoff, recall, promotions and vacation scheduling which will be the date the employee came under the new prevailing collective bargaining agreement.

Section 17.12

The above two paragraphs are with respect to employees moving in and out of the following
bargaining units:

Local 431 of Council #4 - Hamden Board of Education
UPSEU Local 424 Unit #2 - Hamden Board of Education Secretaries & Paraprofessionals
UPSEU Local 424 Unit #23 - Supervisors

Lumenos HSA Plan Summary

The Lumenos* HSA plan is designed to empower you to take control of your health, as well as the dollars you spend on your health care. This plan gives you the benefits you would receive from a typical health plan, plus health care dollars to spend your way. And you’ll have access to personalized services and online tools to help you reach your health potential.

Your Lumenos HSA Plan

First - Use your HSA to pay for covered services:

**Health Savings Account**

With the Lumenos Health Savings Account (HSA), you can contribute pre-tax dollars to your HSA account. Others may also contribute dollars to your account. You can use these dollars to help meet your annual deductible responsibility. Unused dollars can be saved or invested and accumulate through retirement.

Contributions to Your HSA

For 2018, contributions can be made to your HSA up to the following:

- $3,450 individual coverage
- $6,850 family coverage

Note: These limits apply to all combined contributions from any source.

Plus – To help you stay healthy, use:

**Preventive Care**

100% coverage for nationally recommended services. Included are the preventive care services that meet the requirements of federal and state law, including certain screenings, immunizations and physician visits.

Preventive Care

No deductions from the HSA or out-of-pocket costs for you as long as you receive your preventive care from an in-network provider. If you choose to go to an out-of-network provider, your deductible or Traditional Health Coverage benefits will apply.

Plus –

**Your Bridge Responsibility**

The Bridge is an amount you pay out of your pocket until you meet your annual deductible responsibility.

Your Bridge amount will vary depending on how many of your HSA dollars, if any, you choose to spend to help you meet your annual deductible responsibility. If you contribute HSA dollars up to the amount of your deductible and use them, your Bridge will equal $0.

HSA dollars spent on covered services plus your Bridge Responsibility add up to your annual deductible responsibility.

Health Account + Bridge = Deductible

Bridge

Your Bridge responsibility will vary.

**Annual Deductible Responsibility**

In Network and Out of Network Providers

- $2,000 individual coverage
- $4,000 family coverage

If needed –

**Traditional Health Coverage**

Your Traditional Health Coverage begins after you have met your Bridge responsibility.

**Additional protection:**

For your protection, the total amount you spend out of your pocket is limited. Once you spend that amount, the plan pays 100% of the cost for covered services for the remainder of the plan year.

**Traditional Health Coverage**

After your Bridge, the plan pays:

- 100% for in-network providers
- 80% for out-of-network providers

**Annual Out-of-Pocket Maximum**

- In-Network and Out-of-Network Providers
  - $2,000 individual coverage
  - $4,000 family coverage
  - $4,000 individual coverage
  - $8,000 family coverage

Your annual out-of-pocket maximum consists of funds you spend from your HSA, your Bridge responsibility and your coinsurance amounts.

---

**How to use the 3-Tier Managed Prescription Drug Program**

The 3-Tier Managed Prescription Drug Program incorporates different levels of copayments for three types of prescription drugs: generic, listed brand-name and non-listed brand-name, as defined in the chart above. The formulary lists generics and brand-name drugs that have been selected for their quality, safety and cost-effectiveness. These listed drugs have lower member copayments than non-listed drugs (but may not have a lower overall cost in all instances.) You minimize your copayments when you use generic prescriptions and listed brand-name prescriptions. You will still have coverage for non-listed brand-name drugs, but at a higher cost share. Talk to your provider about using generic drugs or listed brand-name drugs included on the formulary. You'll have lower copayments when you use these drugs.

- You will be responsible for **one** copayment when purchasing a **30-day supply** of prescription drugs from a participating retail pharmacy.
- You will be responsible for **two** copayments when purchasing a **31-day to 100 day supply** of maintenance drugs through the mail order program.

**Generic Substitution**: Prescriptions may be filled with the generic equivalent when available.

- When a generic drug is available and you request the equivalent brand-name drug, you will be responsible for the applicable copayment plus the difference in cost between the generic and brand-name drug.
- If your physician determines that the brand equivalent is medically necessary and indicates on the prescription 'Dispense as written', you will only be responsible for the applicable copay.
**Connection** (Concurrent Drug Utilization Review)

Connection works with the retail pharmacy's standard guidelines to provide a second level of quality and safety checks. The process, which is provided on-line as part of the electronic claims filing process, helps promote access to safe, appropriate, cost-effective medications for members. Connection involves a series of rules or guidelines, which identify potential medication therapy issues and deliver a message to the pharmacy by computer before the medication is dispensed. The process alerts the pharmacist of potential issues such as drug-to-drug interactions, refills requested too close together, incorrect dosing or drug duplications.

In Connecticut, Anthem Blue Cross and Blue Shield is a trade name of Anthem Health Plans, Inc., an independent licensee of the Blue Cross and Blue Shield Association. ® Registered marks of the Blue Cross and Blue Shield Association.

**Pharmacy Programs**

**Voluntary Mail-service Program**

Members have access to Anthem Rx, the voluntary mail-service drug program for members who regularly take one or more types of maintenance drugs. Members can order up to a 100-day supply of these medications and have them delivered directly to their home.

The $5 generic/$25 listed brand-name/$40 non-listed brand-name copayment and an unlimited annual maximum apply. When ordering a 31-day to 100 day supply, two copayments will apply, as follows: $10 generic/$50 listed brand-name/$80 non-listed brand.

**National Pharmacy Network**

Members also have access to a network of more than 53,000 retail pharmacies throughout the country. Members may call 1-888-207-4214, or go to www.anthemprescription.com, to locate a participating pharmacy when traveling outside the state.

**Non-participating Pharmacies**

Members who fill prescriptions at a non-participating pharmacy are responsible for payment at the time the prescription is filled. Members must submit claims to Anthem Blue Cross and Blue Shield for reimbursement, and payment will be sent to the member. Members who use non-participating pharmacies will pay 20% of the in-network allowance, plus the difference between Anthem Blue Cross and Blue Shield's payment and the pharmacist's actual charge.

**Points to Remember**

- Anthem Blue Cross and Blue Shield will provide coverage for prescription drugs dispensed by a participating pharmacy when prescription drugs are deemed medically necessary based on specific criteria and dispensed pursuant to a prescription issued by a participating physician or by a non-participating physician, subject to copayment.
- Anthem Blue Cross and Blue Shield will not be liable for any injury, claim or judgment resulting from the dispensing of any drug covered by this plan. Anthem Blue Cross and Blue Shield will not provide benefits for any drug prescribed or dispensed in a manner contrary to normal medical practice.
- Anthem Blue Cross and Blue Shield reserves the right to apply quantity limits to specified drugs as listed on the formulary. If a member requires a greater supply, the member’s provider can follow the prior authorization process.

**Prescription Drug Eligibility**

Eligible prescription drug benefits are limited to injectable insulin and those drugs, biologicals, and compounded prescriptions that are required to be dispensed only according to a written prescription, and included in the United States Pharmacopoeia, National Formulary, or Accepted Dental Remedies and New Drugs, and which, by law, are required to bear the legend: “Caution - Federal Law prohibits dispensing without a prescription” or which are specifically approved by the Plan.
Limits and Exclusions

Benefits are limited to no more than a 30-day supply for covered drugs purchased at a retail pharmacy, and no more than a 100-day supply for covered drugs purchased by mail order. All prescriptions are subject to the quantity limitations imposed by state and federal statutes.

This drug rider does not provide drugs dispensed by other than a licensed, retail pharmacy or our mail-order service; any drug not required for the treatment or prevention of illness or injury; vaccines or allergenic extracts; devices and appliances; needles and syringes that are not prescribed by a provider for the administration of a covered drug; prescriptions dispensed in a hospital or skilled nursing facility; over-the-counter or non-legend drugs; antibacterial soaps/detergents, shampoos, toothpastes/gels and mouthwashes/rinse.

Benefits for prescription birth control are covered for most groups. However, such coverage is optional if your group is self-insured or a bona fide religious organization. Check with your benefits administrator.

This is not a legal contract. It is only a general description of the $5 generic/$25 listed brand-name/$40 non-listed brand-name 3-Tier Managed Prescription Drug Program with an unlimited annual maximum. Please consult the Evidence of Coverage or prescription drug rider for a complete description of benefits and exclusions applicable to your coverage.

APPENDIX D

Town Vehicle Policy
Town of Hamden Motor Vehicle Use Policy

Purpose:

The purpose of this policy is to establish standard requirements and procedures in accordance with applicable provisions of the Internal Revenue Code, for Town of Hamden employees who are assigned a Town vehicle in the course of providing Town services and conducting official business. This policy is intended to

- ensure the safety and well-being of Town of Hamden employees;
- facilitate the efficient and effective use of Town resources;
- minimize the Town’s exposure to liability;
- monitor the use of Town vehicles; and
- comply with Internal Revenue Service regulations relating to vehicle usage.

Policy:

This policy shall apply to all employees who operate Town vehicles on either a regular or occasional basis. The Town of Hamden, with good cause, reserves the right to deny any employee the use of a Town vehicle. All employees assigned a Town vehicle (on a permanent or temporary basis) will be required to sign a statement indicating that they have read and will comply with the rules and provisions of this policy. Any Town employee who fails to adhere to this policy may be subject to appropriate disciplinary action.

Category of usage

Unrestricted Use
Four vehicles are identified by this policy as “unrestricted”, which means available for personal usage as well as official business. These are the vehicles assigned to the Mayor, the Director of Public Works, The Chief of Police, and the Fire Chief.

Restricted Use – Take Home Vehicles
With approval of the Mayor, certain Town employees based on job title or job assignment, at the request of the Department Head, may be eligible for take-home vehicle usage and permanent assignment. These vehicles may be used for commuting and de minimis personal errands during workdays only while traveling between work and home, pursuant to Internal Revenue Service (IRS) regulations. These regulations may be amended by the IRS from time to time. Any de minimus usage must be reported to the Department Head and approved prior to such usage.

The only employees eligible for take-home vehicle usage are employees with responsibility for ongoing and recurring time critical emergency responses requiring both direct transportation to the site of the emergency and specialized equipment in the Town vehicle. In addition, employees' jobs must require that they spend a significant amount of their work day in the field.

Restricted Use – Daily and Fleet Vehicles
Daily and Fleet vehicles are those used only during the course of the workday. With the approval of the Mayor or the Chief Administrative Officer, a daily or fleet vehicle may be permitted to be taken home.

Ver. 1.3: June 5, 2013
by an employee for a period not to exceed three (3) days. These vehicles may be used for *de minimis* personal errands during workdays only while traveling between work and home, pursuant to Internal Revenue Service (IRS) regulations. These regulations may be amended by the IRS from time to time. Any *de minimis* usage must be reported to the Department Head and approved prior to such usage.

The Town recognizes that, during work hours, *de minimis* in-town use of Town vehicles (e.g. lunch breaks) may represent the most efficient use of resources and such usage is acceptable when the *de minimis* nature or increased efficiency is demonstrable.

**Assignment of Town Vehicles**

The permanent or temporary assignment of Town vehicles to Town employees shall require the approval of the employee's Department Head or the Mayor. Upon vacancy, any positions to which a take-home vehicle is assigned will automatically be removed unless authorized by the Mayor. The Town reserves the right to review the continuing need for any vehicle assignment. The Town, with input from any appropriate Department Head, will ensure that vehicles purchased for employee use are the least expensive and most fuel-efficient vehicles required for the work assignment.

**Use of Town Vehicles**

For employees who fall within the provisions of the Internal Revenue Code, the Town will comply with the Internal Revenue Service's regulations regarding the reporting of income. Since the only authorized non-business use is commuting and *de minimis* personal errands, the Town will use the Commuting Valuation Method to report income.
