Pension and Retirement Provisions

RETIREMENT

This memorandum is entered into by the parties hereto in full settlement of Pension negotiations and it is agreed that the retirement Articles of the respective collective bargaining agreements between the parties dated the 31st day of July, 1997 are amended to read as follows:

Section 1

The existing Pension and Retirement provisions with respect to City employees and Torrington Board of Education employees covered by this Agreement shall continue with the following changes and additions which became effective May 2, 2011, as specifically mentioned below as follows:

a. All present members of the bargaining units, under age fifty (50), shall become members of the appropriate pension and retirement plan of the City of Torrington covering such employees. All new employees shall become members of the appropriate retirement plan. Each participant shall contribute five percent (5%) of gross weekly earnings to the Pension Fund.

b. Any employee who shall have completed five (5) years of service with the City of Torrington and/or Torrington Board of Education, and who thereafter has his/her employment terminated shall upon reaching the age of regular retirement, be entitled to a pension, the amount of which shall equal two percent (2%) per year for the number of years of completed service with the City of Torrington and/or Torrington Board of Education. Effective July 1, 1981, each participant's final average annual salary shall be computed at the average of his/her last three (3) years gross annual earnings. Any employee who retires and has a pension benefit calculated using 2011-2012 wages as a portion of his/her last three (3) years gross annual earnings shall, only for the purpose of calculating his/her benefit, be deemed to have received a two percent (2%) wage increase for the applicable portion of the 2011-2012 year.

c. (1) Employees hired on or after September 18, 2000 may elect to buy, during their first year of employment, active United States Military service time up to four (4) years. Employees who elect to buy active military service time shall pay the "buy in" contribution either in a lump sum or in equal weekly installments over a period of no longer duration than military service time to be bought. The amount of the "buy in" contribution shall be based on the rate of pension contributions and compensation in effect at the time of the "buy in" or during any period such "buy in" payments are made.

(2) Employees hired before September 18, 2000 may elect to buy, during the first year following such date, active United States Military service time up to four (4) years. Employees who elect to buy active military service time shall pay their "buy in" contribution either in a lump sum or in equal weekly installments over a period of no longer duration than two (2) times the military service time to be bought. No employee shall be credited with active military service time in excess of that for which he/she has completed his/her "buy in" contribution. The amount of the "buy in" contribution shall be equal to an
average of the employee's pension contributions made during his/her employment from date of hire to payment in full of the "buy in" time. Such average pension contribution shall be calculated as of the date of such contribution began and shall be recalculated on each January 1 and July 1 thereafter until payment in full of the "buy in" time.

(3) The active military service time for which contributions are completed shall apply to all sections of this article for the purpose of computing number of years of service for benefits, but will not be used to compute years of service needed to become eligible for retirement or to vest benefits.

(4) The employee's Military Discharge Form DD-214 shall be used to determine active military service time.

d. The minimum Pension payable to each individual who retires after the date of the award shall be computed at twenty dollars ($20) per month times total years of service, provided that any such years of service in excess of thirty-five (35) shall not be used to compute said minimum pension.

e. Any employee who shall die before reaching the age of sixty-five (65) years, upon the sixty-fifth (65th) anniversary of his/her birth, the spouse of said employee, if he or she then be married, shall until his or her death or remarriage receive a sum equal to one-half (½) of the sum which the employee would have received had he/she lived. If said member leaves no spouse surviving, then such payments will be made to any children surviving, as defined below.

f. Upon the death of any employee after his/her regular retirement age, if he/she be then retired and receiving a pension, or if he/she not be retired, but has qualified for such pension, in all other respects, upon his death, the spouse of such employee shall, until death or remarriage, receive a sum equal to seventy-five percent (75%) of the sum to which the employee would have received had he lived. If such member leaves no spouse surviving, such payments will be made to any children surviving as defined below.

g. Children of deceased employees who are entitled to benefits shall receive such payment until they reach the age of eighteen (18), except that children who are full-time students shall continue to receive such payments until they reach the age of twenty-three (23).

h. Employees who terminate their employment for any cause before having completed five (5) years of service with the City of Torrington and/or Torrington Board of Education, shall, upon such termination, be repaid all of his/her contributions paid into the Pension Fund together with interest thereon at the rate of four percent (4%) per annum, compounded annually.

i. (1) The City will provide all the medical coverage to current and future retirees until the retiree reaches age 65, which is provided to active bargaining unit employees.

(2) The City will provide to the spouse of a retiree until age 65 and other family members of the retiree, while eligible, all the medical coverage which is provided to active bargaining unit employees even though the retiree is age 65 or older.
(3) If a retiree either prior to or after reaching age 65, takes other employment which provides equivalent medical coverage, any of the medical coverage provided by the city of Torrington in paragraphs 1 and 2 above, shall cease during the term of that other employment or any other future employment. The retiree shall immediately give notice of said equivalent medical coverage to the City's Comptroller's office. However, if written notification is given to the City by the retiree, spouse or eligible family member by certified mail, return receipt requested, that the retiree is no longer employed or that the employee no longer has equivalent medical coverage, the City shall have its insurance carrier resume the dropped coverage when eligibility exists, as soon as the insurance carrier is able to put the coverage into effect.

(4) Each current and new retiree receiving coverage set forth in Section 1 i. (1) shall pay the same amounts of the cost associated with said medical coverage as active bargaining unit employees, until the retiree reaches age 65. This amount shall be paid through monthly pension deduction.

(5) The City reserves the right to change Insurance Carriers provided that the levels of benefits and services are equal or better than current coverage. The City agrees that prior to making any such change it shall discuss the change with the Union.

j. An employee who retires under the provisions of the Pension and Retirement Plan and/or spouse, both having reached sixty-five (65) years, the following benefits shall be continued until the death of both: Anthem Blue Cross/Blue Shield 65 High Option and Blue Shield 65 Plan 81, at no cost to retirees.

k. Any employee who has completed twenty-five (25) at age sixty (60) shall, upon his written application, be retired on an annual pension, payable monthly from the Pension Fund, equal in the amount to not less than one-half (½) pay plus an additional two percent (2%) of pay for each completed year of service in excess of twenty-five (25) years.
